Consent to Participate in the Special Operations Command Central Tactical Performance Index Questionnaire

The Tactical Performance Index Questionnaire (TPIQ) is a comprehensive evaluation of a warrior's current performance and lifestyle metrics. The TPIQ provides a platform for developing and improving a warrior's physical, mental, spiritual, and emotional capabilities in order to enhance his or her tactical and professional abilities and skills.

What We Will Do With Your Information: We depend on your honest responses and efforts in order for us to give you the most useful feedback possible, and we will honor your trust by keeping your information confidential within the Preservation of the Force and Family (POTFF) team. The information you provide will be shared only among POTFF staff in collaboration with you and your leadership to develop a progressive program to improve your performance and elevate your work/life balance. Additionally, your personally identifiable information (PII) will be removed in order to safeguard your privacy.

What We Will Not Do With Your Information: We will not give out, exchange, barter, rent, sell, lend, or disseminate any information about you that is considered confidential, restricted by patient privacy laws, or specifically restricted by a patient/client in a signed HIPAA consent form. No PII will be shared with anyone outside of SOCCENT.

*To ensure compliance with the above statements, please email
this survey to your Physical Performance Strength and
Conditioning Coaches or Clinical Psychologist only.*

I give my consent to the POTFF staff to use the information gathered during the TPIQ to enhance my performance. I understand that I can request that information gathered during the TPIQ be removed or deleted at any time.

Consent to Participate in the 7th Special Forces Group (Airborne) Tactical Performance Index Questionnaire

The Tactical Performance Index Questionnaire (TPIQ) is a comprehensive evaluation of a warrior's current performance and lifestyle metrics. The TPIQ provides a platform for developing and improving a warrior's physical, mental, spiritual, and emotional capabilities in order to enhance his or her tactical and professional abilities and skills.

What We Will Do With Your Information: We depend on your honest responses and efforts in order for us to give you the most useful feedback possible, and we will honor your trust by keeping your information confidential within the THOR3 team. The information you provide will be shared only among THOR3 staff in collaboration with you and your ODA to develop a progressive program to improve your performance and elevate your work/life balance. Additionally, your personally identifiable information (PII) will be removed in order to safeguard your privacy.

What We Will Not Do With Your Information: We will not give out, exchange, barter, rent, sell, lend, or disseminate any information about you that is considered confidential, restricted by patient privacy laws, or specifically restricted by a patient/client in a signed HIPAA consent form. No PII will be shared with anyone outside 7SFG(A).

To ensure compliance with the above statements, please email this survey to your assigned THOR3 Battalion Strength and Conditioning Coach only.

I give my consent to the THOR3 staff to use the information gathered during the TPIQ to enhance my performance. I understand that I can request that information gathered during the TPIQ be removed or deleted at any time.
